

Sprint 3 Report

Ver1.0

Digital Butler

Team Digital Butler

11/19/2017

Actions to stop doing: The team needs to not procrastinate tasks and be present for all Scrum meetings.

Actions to start doing: The team needs to continuously push to github in order to keep the code up to date. This will prevent merge conflicts.

Actions to keep doing: The team needs to communicate more with one another and with the team at Holistic Labs. This will improve productivity and prevent any confusion.

Work completed:

User story 1: (8)As a developer, I want to develop pop-ups of the UI so that I can display more information.

User Story 2: (13)As a developer, I want to begin to visualize data with interactive graphics so that I can display information about a network.

Work not completed:

User Story 3: (8)As a developer, I want to make data accessible via API so that I can retrieve data to visualize and present.

Work completion rate:

User stories: ($\frac{2}{3}$ completed) ETC(Estimate Time Cost) ATC (Actual Time Cost)

-User Story 1(completed) ETC(8) ATC(8)

-User Story 2(completed) ETC(13) ATC(13)

-User Story 3(uncompleted) ETC(8) ATC(?)

Estimated Time Done This Sprint:

-Task 1: (8) pts (done) 1 week

-Task 2: (1) pts (done) an hour

-Task 3: (8) pts (done) 1 week

-Task 4: (8) pts (done) 1 week

-Task 5: (1) pts (not done) 0 hours

-Task 6: (8) pts (not done) 0 hours
