Sprint 4 Report
Ver1.0
Digital Butler
Team Digital Butler
12/3/2017

○

Actions to stop doing: The team needs to stop producing new features.

Actions to start doing: The team needs to begin preparing for presenting the product.

Actions to keep doing: The team needs to stay on task/meet deadlines and attend all scrum meetings. Communicating with team and organizing group meetings to work on the project.

Work completed:
> **User story 1**: (8) As a developer, I want to optimize the UI, so that the website becomes easier to use and understand.
> **User Story 2**: (5) As a developer, I want to finish or add more data visualization features or any other features that we can afford to create on the application.
> **User story 3**: (8) As a developer, I want to make data accessible via API
> **User Story 4**: (8) As a developer, I want to create unit tests for components in Angular.

Work not completed:

Work completion rate:

User stories: (all completed)	ETC(Estimate Time Cost)	ATC (Actual Time Cost)
-User Story 1(completed)	ETC(8)	ATC(8)
-User Story 2(completed)	ETC(5)	ATC(5)
-User Story 3(completed)	ETC(8)	ATC(8)
-User Story 4(completed)	ETC(8)	ATC(8)

Estimated Time Done This Sprint:
> -Task 1: (3) pts (done) 3 days
> -Task 2: (5) pts (done) 2 days
> -Task 3: (5) pts (done) 2 day
> -Task 4: (1) pts (done) 1 day
> -Task 5: (8) pts (done) 1 week
> -Task 6: (8) pts (done) 1 week
